

**ETERNAL VIGILANCE SOCIETY NEEDS YOU
SATURDAY MARCH 18th White Plains, NY**

On Saturday March 18th anti-war protesters are going to be taking to the streets to give aid and comfort to our enemies, undermine our troops and spread anti-American propaganda.

**Join Eternal Vigilance Society For A Counter-Demonstration
To Challenge The Anti-War Left's Agenda of Lies that
Undermine Our Troops and Embolden Terrorists.**

"These are the times that try men's souls: The summer soldier and the sunshine patriot will, in this crisis, shrink from the service of his country; but he that stands it Now, deserves the love and thanks of man and woman. Tyranny, like hell, is not easily conquered; yet we have this consolation with us, that the harder the conflict the more glorious the triumph."

- Thomas Paine, *The Crisis* -- December 1776

Over the past year Eternal Vigilance Society has learned two valuable lessons about anti-war protesters.

1. They don't like it when you take the microphone at one of their events and speak about your support for the war effort. (

2. They don't like it when an organized counter-protest forces the media to admit that the whole world doesn't support their peace at all costs / blame America agenda.

On Saturday March 18th the anti-war hacks will be out in force to protest the three year anniversary of the beginning of Operation Iraqi Freedom.

The anniversary is akin to our Fourth of July which although followed by seven years of war to secure the blessings of liberty, is the day on which we commemorate American independence. The nineteenth of March also signifies the beginning of the end of a brutal dictator and is cause for celebration. To the misguided anti-war protesters however, the emancipation of twenty-five million of their fellow human beings is something to protest.

To let our troops know that we support them and their mission, Eternal Vigilance Society will stage a counter-demonstration in White Plains, NY on Saturday March 18, 2006.

Pro-Iranian Anti-War Lunacy

As if we needed more proof that the anti-war movement is opposed not to war but rather to the United States defending herself, I submit to you this new web site:

StopWarOnIran.org.

The name alone tells you everything you need to know.

The United States ensuring that a rogue regime does not get the bomb, to the anti-war left, is not even a legitimate military action. Such an undertaking, to these moonbats is considered “war on Iran” implying that the Iranian terror regime is an innocent target.

The first sentence on StopWarOnIran.org’s (<http://stopwaroniran.org/>) home page is also quite telling:

“It is with grave concern that we observe the growing threat of a new U.S. war--this time against the people of Iran.”

Let’s unpack that statement.

Nukes in the hands of Iranian Mullahs makes the world exponentially less peaceful. Yet eliminating this grave threat, to the anti-war fanatics, would be “a U.S. war” on “the people of Iran.

How politicians and the media can take such people seriously is astounding.

Eternal Vigilance Society has always been of the belief that the so-called anti-war movement is merely a conglomeration of anti-American groups masquerading as peace protesters. This latest initiative by the blame America crowd serves only to strengthen that conviction and stiffen our resolve to oppose them.
